November 2018

On 22 October Parliament debated on the petition '**Prevent avoidable deaths by making autism/learning disability training mandatory**'. If you want to watch the debate this is the link -

<https://petition.parliament.uk/petitions/221033>

Greg Hanford gave a presentation about how **music therapy could help people with learning disabilities**. He wants to reach out to more people to help them.

Vivo are **training people** to work in their Little Roodee Café in Chester. They are looking for more people to **join in their training courses**.

There are going to be more **supported internships available**. These are placements where people **work and study for 6 months to learn job related skills**.

If you want to know more about any of these things please contact us.
